SALES AND ROYALTY STATEMENT

NOTES: 1) Amount received by Getty Images, pro-rated where applicable. 2) When negative earnings exceed positive earnings, no royalties are paid. The negative balance will be carried forward to the next royalty period. 3) Posted since last royalty period. These charges are recouped on a monthly basis until they have been fully recovered according to the terms of your Agreement. Total charge recoupment from this, and previous Royalty Periods is included in the deduction section. Where a charge is negative, this is an increase to your earnings. 4) This amount is estimated. This amount could also change depending on your US Foreign Withholding Tax status at the time of payment.
